Hi Dana,

I got this email from Evisabel on Thursday, but did not respond. Slipped of my radar, but I will respond now. I was compressed on Friday, but did not see a missed call from Julian or receive an email.

Subject: Recovery half life for formetanate

Hi all,

We are in need of calculating the recovery half life for AChE following treatment with formetanate (NMC) in a CCA study. Does anyone know how to do this calculation? Elissa mentioned that you all have experience with the NMCs. Julian is the toxicologist for this action so please let him know if you can help.

Thank you,
